Who We Are

Total Security Management Ltd has been formed with the aim of providing the complete security package operating throughout the UK.

Our objective is to provide a professional, high quality service to suit your specific requirements.

Any operatives we deploy will be screened and vetted in accordance with BS7858, CRB checked, SIA Licensed and insured. In addition to this we offer value for money, a pro-active approach and a definitive can do attitude.

With over 15 years in the security industry. Total Security Management Ltd aims to maintain our reputation as an industry leader.

Search Dogs

We are able to supply narcotics and flare detection dog and handler teams.

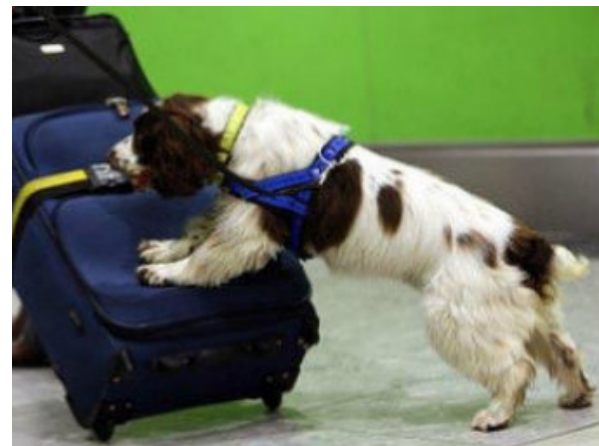

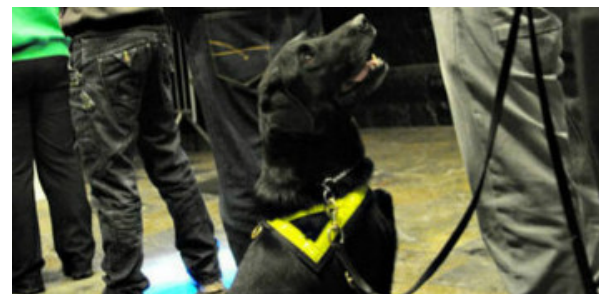

We demand that these particular dogs are highly trained to Nasdu or similar standards and completely focused to undertake any assignment.

A search dog and handler team can be tasked to many different areas and are comfortable working in a diverse range of environments.

We have experience in supplying teams to operate at the following.

- Festivals and Events
- Football Grounds
- Licensed premises
- Hotel rooms
- Vehicles and Cargo
- Airports and luggage

Search teams are able to be deployed anywhere that a threat or illegal activity is deemed present.

Static Guards & Event Security

All of our security officers meet the industry standards holding SIA static guarding licenses and are vetted to BS7858 standard complying with our ACS approved contractor and ISO 9001 status.

We are able to provide 24 hour cover 365 days a year throughout the UK.

We have over 15 years experience in supplying male and female security guards to a vast number of events from small shows and VIP parties to large scale music festivals.

A small selection of the areas we can cover include:

- Main gates and Admissions
- Entry and Exit Points
- Fence Line Patrols
- Backstage Security
- Stage Security
- Close Protection Teams for performing acts and VIP guests.

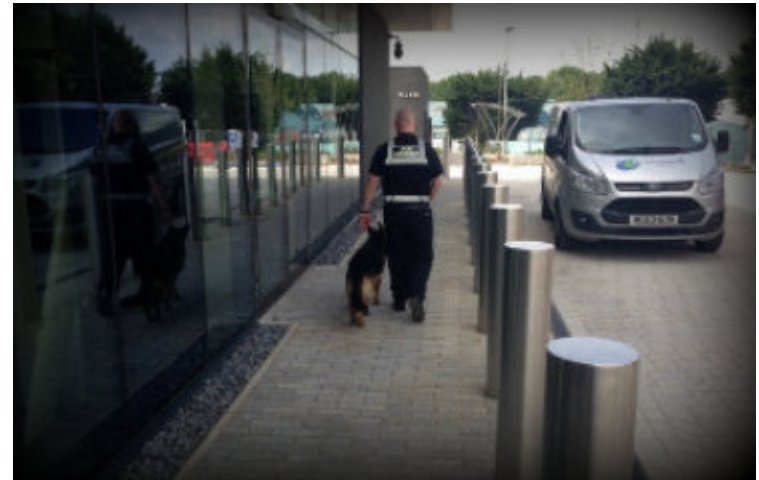

Security Dog Teams

TSM specialise in offering a comprehensive dog and handler service operating throughout the United Kingdom.

We are extremely passionate about our dog section, both company directors train their dogs regularly within the UK and Europe. With this in mind we demand a high level of competence both in training and handling from all of our dog and handler teams. Ensuring you receive both a high quality service and value for money should we deploy to your premises.

A general purpose security dog team can offer a wide range of capabilities to ensure that all of our clients property are safe and fully secure whilst at home. All of our dog teams are certified to Nasdu Level, SIA Licensed and insured to conduct their duties.

A trained general purpose dog has the ability in fair weather conditions to pick up an intruders scent at a distance of 200m in any direction.

Residential Security

Total Security Management Ltd is able to offer a residential security team where clients can be assured peace of mind for their loved ones when home or away from their place of residence.

We are happy to devise an itinerary to surpass clients requirements to ensure a safe and highly effective working relationship.

We have been providing residential dog handling patrols for a number of years and have the experience of supplying security to both residential and high profile properties.
